## **Horry County Sales Tax Dirt Road Paving Program Set to start**

CONWAY, SC – RPM Engineers of Myrtle Beach are advising the public that the Horry County Sales Tax for Dirt Roads Paving Program will begin the construction phase within the next two weeks.

For the last several months, RPM Engineers and their consultants have been conducting surveys, designing and acquiring right-of-way easements for phase one of the dirt road paving projects. Today, RPM Engineers announced that Coastal Grading out of Conway has been awarded the contract for the first set of roads to be paved. Those roads include Eric's Lane, Shawn Lane and Timrod Lane. Timrod Lane will be the first of 50 roads that will be paved in phase I of the \$19,600,000 dirt road paving program.

Residents seeing orange right of way flags along the sides of dirt roads can find a contact telephone number on the flags if information is desired. The telephone number is 843-274-0883.

For a complete listings of the roads to be paved in Phase I and to see project updates, visit the website: [www.salestaxfordirtroads.com](http://www.salestaxfordirtroads.com).

Rob A. Hamzy, P.E. and Berry Still, P.E., are the Program Managers for Phase One. Brian McMullen, PG, is the Construction Services Manager. Phase One includes 20-miles of dirt roads, divided into 50 projects to be paid for through the Horry County Sales Tax for Dirt Road Paving Program.

RPM Engineers, PLLC, specializes in roadway design, construction engineering, inventory inspections and bridge design, analysis and rehabilitation. Offices are located in Myrtle Beach and Lexington, SC, and Dublin, OH, as well as Charleston, WV.
